

# KNIGHT TRANSPORTATION

**HEAVY DUTY | PROSTAR**

**FF** As a company, [Knight] is particularly partial to the fuel economy offered by the ProStar. We've found the chassis to be quite fuel efficient relevant to other models in the industry. **JJ**

- “We found the ProStar® model intriguing, and we’ve been doing business with Navistar® ever since.”
- “We are believers in the ProStar platform because of its superior aerodynamics, and we’re excited about the new engine choices of Cummins ISX15 and Navistar’s proprietary 13L engine with SCR.”
- “We’ve found the ProStar chassis to be quite fuel efficient relative to other models in the industry.”
- “We have very strong relationships locally and regionally, but we’ve been privileged to know right up to the chairman and CEO at Navistar. That gives us great confidence.”
